Sponsored by the Durham  
County Government and the  
Durham County Farmland  
Protection Program

**1<sup>st</sup> Session:** Tuesday, April 28, 2009

7-8:30pm

Little River Community Complex

8307 Roxboro Rd, Bahama, NC 27503

**2<sup>nd</sup> Session:** Thursday, April 30, 2009

9:30-11am

East Durham Branch Library

211 Lick Creek Lane, Durham, NC 27703

Due to the rapidly changing landscape of Durham County, the Durham County Farmland Protection Board, dedicated to preserving and strengthening existing farmland & agriculture in the county, are developing a Durham County Agricultural Development & Farmland Protection Plan. The Plan will act as a guide for future programs and services to benefit agriculture in Durham.

Please join us on either **April 28<sup>th</sup> or 30<sup>th</sup>** at one of two open forum sessions to discuss the current and future status of agriculture in Durham County. We are interested in ideas, opinions and first hand accounts related to farming in Durham County.

Who should attend: farmers, landowners, hobby farmers, farmer's market patrons, restaurateurs, tourism professionals looking to capitalize on agritourism, any persons interested in local foods....
